STEMteachersNYC 2018 SUMMER WORKSHOPS
NGSS-ALIGNED PROFESSIONAL DEVELOPMENT TO TRANSFORM YOUR CLASSROOM!

INCREASE STUDENT ENGAGEMENT IN STEM!

» Join us this summer for NGSS-aligned STEM workshops that will make a real impact in your classroom
» Get your students talking and thinking critically about science and math in new ways
» Network, share resources, and build community with STEM educators from around the region

SUMMER 2018 WORKSHOPS
NOW OPEN FOR REGISTRATION!

ABOUT US
STEMteachersNYC cultivates excellence in STEM teaching and promotes deep understanding and success for students through innovative, teacher-led professional development. We are a 501(c)3 non-profit organization and CTLE Provider for the NYC Department of Education: #23385.

STEMteachersNYC Summer 2017 Cohort
ENERGIZE YOUR STEM TEACHING THIS SUMMER!

MAKE A DIFFERENCE IN YOUR CLASSROOM

THIS SUMMER JOIN EDUCATORS FROM AROUND THE COUNTRY FOR INNOVATIVE, HANDS-ON, AND TEACHER-LED PROFESSIONAL DEVELOPMENT IN STEM.

» Learn new teaching strategies through hands-on experiments
» Revolutionize the way you teach science using a student-centered approach called Modeling Instruction™, shown to increase classroom engagement and understanding of key science concepts.
» Low-cost and high impact workshops for teachers and by teachers
» Get valuable “take-aways” to use in your classroom

GET READY FOR NGSS!

Our workshops are NGSS-aligned and provide classroom ready materials you can use in your class this Fall!

WHAT TEACHERS ARE SAYING

You are the best PD out there. The modeling approach lines up well with NGSS. It’s the only way I am interested in teaching, and I want to learn how to do it better.

Completely relevant, useful, engaging!

What I am learning in the workshop I am able to use immediately and effectively in my classroom.

We know the standards, we just want to know how to teach them, and this workshop is it!

REGISTER BEFORE MAY 15TH TO SAVE: STEMTEACHERSNYC.ORG/SUMMER2018

2018 SUMMER CALENDAR

» CHEMISTRY 1 MODELING
  JULY 2 - JULY 20

» ASSESSMENT & STANDARDS-BASED GRADING IN STEM
  JULY 5 - 7

» NANOSCIENCE WORKSHOP
  JULY 5 - 7

» PHYSICS AND MECHANICS MODELING
  JULY 9 - 27

» INTRODUCTION TO MODELING INSTRUCTION™
  JULY 9 - 13

» BIOLOGY MODELING
  JULY 9 - 20

» BEST PRACTICES IN EARTH SCIENCE: METEOROLOGY
  JULY 9 - 20

» DESIGNING FOR DISCOURSE AND SENSEMAKING IN PHYSICS
  JULY 16 - 20

» WAVES AND SOUND MODELING
  JULY 23 - AUGUST 10

» COMPUTATIONAL MODELING IN PHYSICS WITH BOOTSTRAP
  JULY 23 - AUGUST 10

» ENERGY IS ENERGY
  JULY 30 - AUGUST 10

» BIOLOGY MODELING @ STORM KING
  JULY 30 - AUGUST 10

LOCATIONS

- Trinity School
  139 W 91st St, New York, NY

- Little Red/Elisabeth Irwin HS
  40 Charlton St, New York, NY
